Because of the complex interrelation of the various extra-curricular activities and interests, many of the articles listed here might properly have been classified under a number of headings. To have listed items more than once would have been confusing, and so they have been placed arbitrarily according to the arrangement that seems most logical. Cross references have not been made, because they would be too numerous for space available and too involved for convenient use.

Editorials, book reviews, comedy cues, many news items, and other short items do not appear in the above classifications.
